Show-and-Tell App

Student Workbook

I can use everything I have learned to make something that teaches.

Name: _____

THEORY

I Am A Coder Now

You have learned to put steps in **order**, use **triggers**, make **rules**, and be kind and safe. Now you will teach someone else one thing you know!

Talk with your teacher: What is one thing you could teach with your app?

My big idea

Draw three ideas you could teach with your app.

Blocks we use:

Start on Green Flag Start on Tap Start on Bump Move Say Pop Record
 Go to Page Repeat

Words we are learning

- **Order** — the right steps, in the right order.
- **Trigger** — a start block.
- **Rule / Feedback** — if this, then that; “Yes!” or “Try again.”
- **Private** — keep personal info safe.
- **Debug** — find and fix mistakes.

Test And Present

Test your app. Tick each box when it is true.

- ☐ It starts when I tap or use the green flag
- ☐ It teaches one clear thing
- ☐ It responds when tapped
- ☐ I found and fixed a bug

What I will say when I present:

PROJECT

Show-and-Tell App — Plan

Your capstone brings together everything you learned. Passing it means you graduate to Builders!

1. What will my app teach?

2. My three screens — draw them:

1 draw here	2 draw here	3 draw here
-----------------------------------	-----------------------------------	-----------------------------------

3. Which learned skills will I use? (circle)
