

EXPLORERS LEVEL · SEMESTER 4

My Neighbourhood Map

Student Workbook

Code can help me share where I live — and explore it safely.

Name: _____

THEORY

Maps And Place

A **map** shows real **places**. We use **directions** — left, right, up, down — to get around. We keep our exact home address **private** and safe.

Talk with your teacher: What is one place near your home?

Places near me

Draw three places you know: a park, a school, and a store.

1

draw here

2

draw here

3

draw here

Blocks we use:

Start on Green Flag Start on Tap Move Right Move Left Move Up Move Down Say
Send Message

Words we are learning

- **Map** — a picture that shows real places.
- **Place** — somewhere real, like a park or school.
- **Direction** — left, right, up, down.
- **Near / Far** — close by or a long way.
- **Private** — we keep our exact home address to ourselves.

Name: _____ Date: _____

Places Near Me

Draw four places you know. Circle **near** or **far** for each.

near

far

Circle near or far for the place you drew biggest.

Name: _____ **Date:** _____

Tap And Learn

Tapping a place makes it Say a fact. Match the place to its fact.

Tap the park	"We buy food here."
Tap the school	"I play here."
Tap the store	"I learn here."

Careful — match each place to the fact that fits it!

Name: _____ **Date:** _____

Map A Route

Draw arrows to show the path from the park to the school. Then write the directions.

My directions (left / right / up / down):

Name: _____ Date: _____

Safe To Share?

Some things are okay to share. Some we keep private. Draw a line to the right box.

A fun fact about me	Okay to share
My exact home address	Keep private
My favourite colour	Okay to share

If a stranger online asks where you live, tell a grown-up.

Name: _____ Date: _____

PROJECT

My Neighbourhood Map — Plan

You will build a clickable map of real places you know. Plan it here first.

1. Which places will I put on my map?

2. One fact for a place:

3. Which blocks will I use? (circle)

Start on Tap

Say

Move Right

Move Left

Move Up

Move Down

4. Draw my map:
